Press Release

IVECO BUS announces new appointments across its commercial and customer service organisation

IVECO BUS announces several key appointments to strengthen its commercial and customer service operations, support its development across international markets and enhance responsiveness to customer needs.

Vénissieux, 27 November 2026

As part of these organisational changes, Giorgio Zino takes responsibility for Commercial Operations in Latin America, AMEA and ANZ, supporting IVECO BUS's continued development across these regions.

Petros Spinaris is appointed Head of Europe Commercial Operations, while Gauthier Ricord takes responsibility for Customer Service across Europe.

Claudio Passerini, President, Bus Business Unit, Iveco Group, said: "*Listening to our customers and providing the solutions they need is at the heart of our strategy. With this new organisation, we will be better positioned to anticipate evolving customer needs, respond faster to market demands and deliver even greater value to our customers across all our regions.*"

IVECO BUS

IVECO BUS, a brand of Iveco Group N.V. (EXM: IVG), develops, manufactures and markets a full range of passenger transport vehicles tailored to a broad spectrum of mobility applications, including urban, intercity, school, scheduled line and tourism operations.

With an international presence, IVECO BUS supports private transport operators and public transport authorities in their energy transition through a technology-neutral approach encompassing biofuels, biomethane, battery-electric and fuel cell technologies.

Through an extensive service network, IVECO BUS supports customers wherever its vehicles are deployed.

*In addition, through its **Energy Mobility Solutions** offering, IVECO BUS provides tailored support for the planning and deployment of complex electrification projects.*

*A wide range of **IVECO ON** connected services, developed to optimise the operation and maintenance of fleets operating with different energy technologies, completes IVECO BUS's comprehensive offering.*

The company employs over 6,550 people and operates seven manufacturing plants in Europe and Latin America: Annonay and Rorthais in France, Vysoké Myto in the Czech Republic, Brescia and Foggia in Italy, Sete Lagoas in Brazil, and Córdoba in Argentina.
