

## Press Release

### **CROSSWAY, the best-selling intercity range, breaks a new record with 60,000 units produced**

*The CROSSWAY range has broken a new production record as the 60,000<sup>th</sup> unit rolled off the assembly line. This significant milestone is testament to the success of this internationally recognized range and leader in its segment, which has collected multiple awards over the years.*

Vénissieux 25 October 2023

Since its launch in 2006, the IVECO BUS CROSSWAY has continuously pushed the boundaries, confirming its European leadership and its success in other continents.

With its multiple variants (10.8, 12, 13 and 14.5 m), and its wide choice of energy (biogas, hybrid, electric), the CROSSWAY range perfectly meets all customer needs, whatever the mission. Designed to combine operating profitability, versatility and performance, the CROSSWAY range is the ideal choice for transport companies.

The CROSSWAY range has also received prestigious awards, including the "International Bus & Coach Award 2017" and four **Sustainable Bus of the Year** awards in the Intercity category: the "SBY 2018" title with the Low Entry gas version, "SBY 2020" with the Natural Gas version, "SBY 2023" with the Biomethane-compatible Low Entry Hybrid Gas version and, most recently, the CROSSWAY Low Entry ELEC model was crowned "SBY 2024".

Manufactured at the Vysoke Myto plant (Czech Republic), the CROSSWAY range benefits from a long-standing know-how in the production of intercity vehicles. The facility is one of the largest in Czech Republic and Eastern Europe, and Europe's largest bus manufacturing plant.

"With this new record of 60,000 units produced, our CROSSWAY confirms its leading position in the Intercity segment. With its extensive choice of configurations and multiple available alternative energies, the CROSSWAY range is uniquely capable of meeting the specific requirements of a wide variety of transport operations. This accounts for its continued success as the best-selling intercity bus in Europe and its appeal in markets on other continents," says Stéphane Espinasse, Head of IVECO BUS Sales Operations and Product Management.

## IVECO BUS

IVECO BUS is a brand of Iveco Group N.V. (EXM: IVG), a global leader in commercial and specialty vehicles, powertrain, and financial services, listed on the Borsa Italiana in Milan.

With a worldwide presence and a leading position in Europe in sustainable public transport, IVECO BUS supports public and private operators in all their missions, with an offer of global mobility solutions available in different energies, such as electric or powered by compressed natural gas compatible with biomethane.

The overall offer includes:

- school, intercity and tourism coaches;
- standard and articulated city buses, including BRT dedicated versions; city midibuses
- minibuses for all passenger transport missions.
- connectivity and fleet management services available through IVECO ON
- a portfolio of products and services with Energy Mobility Solutions, from simulations and design to the supply of charging stations, and installation and maintenance of the charging infrastructure

The extensive IVECO BUS and IVECO service network guarantees assistance around the world wherever an Iveco Bus vehicle is at work.

IVECO BUS employs over 5,000 people across five production units, in Annonay and Rorthais, France, Vysoké Myto, Czech Republic, Brescia and Foggia, Italy.
