

Press Release

Record deliveries confirm IVECO BUS as the market leader in Slovakia

IVECO BUS closes the year with a record number of deliveries in Slovakia: more than 500 vehicles, mainly CROSSWAY buses but also URBANWAY and STREETWAY city buses. This record confirms once again the manufacturer's position as N°1 in the Slovak market in 2023.

Vénissieux, December 5th, 2023

IVECO BUS confirms its position as the leader of the Slovak market with record deliveries in 2023.

It has delivered more than 500 vehicles to the main Slovakian transport operators: ARRIVA Nove Zamky and Liorbus, EUROBUS Košice, Slovenská Autobusová Doprava (SAD) Zvolen, SAD Lučenec, and SAD Žilina. The buses will support the mobility needs in regions across the country such as Banská Bystrica, Košice, Nitra, Žilina, Zvolen, Bytča, Martin, Turčianske Teplice, Kysucké Nové Mesto and Čadca. This year's deliveries also include CROSSWAY Line 12m and 10.8m buses that will operate in the fleets of Arriva Trnava and SAD Poprad.

IVECO BUS's intercity CROSSWAY remains the preferred bus model in Slovakia by far, accounting for 94 % of the deliveries, mainly appreciated for their performance and versatility, comfort, and low operating costs. The CROSSWAY LINE 12 m, LE LINE 10.8m and LE LINE 12m versions have been selected for suburban and interurban services, while URBANWAY and STREETWAY city models will serve in Urban missions.

Giorgio Zino, Head of IVECO BUS Europe Commercial Operations, states: "*We are especially proud of this record and of playing such a key role in Slovakian mobility. With our CROSSWAY, URBANWAY and STREETWAY models, our customers can count on vehicles that stand out for their efficiency and value in terms of comfort, energy savings and reduced pollutant emissions.*"

IVECO BUS precisely meets the most diverse expectations of transport operators with a range of tailor-made solutions for both urban and interurban missions.

IVECO BUS

IVECO BUS is a brand of Iveco Group N.V. (EXM: IVG), a global leader in commercial and specialty vehicles, powertrain, and financial services, listed on the Borsa Italiana in Milan.

With a worldwide presence and a leading position in Europe in sustainable public transport, IVECO BUS supports public and private operators in all their missions, with an offer of global mobility solutions available in different energies, such as electric or powered by compressed natural gas compatible with biomethane.

The overall offer includes:

- school, intercity and tourism coaches;*
- standard and articulated city buses, including BRT dedicated versions; city midibuses*
- minibuses for all passenger transport missions.*
- connectivity and fleet management services available through IVECO ON*
- a portfolio of products and services with Energy Mobility Solutions, from simulations and design to the supply of charging stations, and installation and maintenance of the charging infrastructure*

The extensive IVECO BUS and IVECO service network guarantees assistance around the world wherever an Iveco Bus vehicle is at work.

IVECO BUS employs over 5,000 people across five production units, in Annonay and Rorthais, France, Vysoké Myto, Czech Republic, Brescia and Foggia, Italy.
