

Press Release

IVECO BUS signs largest electric order to date in Italy to supply 411 e-buses to ATAC in Rome

The E-WAY full electric mobility solution has proved to be attractive to ATAC S.p.A.- Azienda per la mobilità, Rome's public transport company, with 411 units ordered in a tender. The first deliveries are expected by the end of 2024, with the remaining buses to be delivered by mid-2026. This is IVECO BUS's biggest order for E-WAY city buses to date in Italy, marking a significant milestone in the manufacturer's roadmap to zero-emission mobility in Italy.

The order placed by ATAC Rome is comprised of 396 units of E-WAY 12 m and 15 articulated 18-m long models, as well as full-service maintenance for ten years.

Vénissieux, 17th January 2024

IVECO BUS has won another impressive contract in Italy with 411 E-WAY units to be delivered to ATAC Rome. With these E-WAY units, Rome's public transport company will have the largest fleet of IVECO BUS electric buses operating in the country. The delivery of the first batch of 110 e-buses will start in the last quarter of 2024 with all remaining buses to be delivered by April 2026.

Giorgio Zino, Head of IVECO BUS Europe Commercial Operations said: *"We are extremely proud that ATAC Rome have placed their trust in us with this impressive order. Our E-WAY buses benefit from state-of-the-art solutions to provide drivers and passengers with a comfortable and emission-free journey. This new success in Italy confirms that our E-WAY solution perfectly meets the decarbonization expectations of Italian public transport."*

Both 12-m and 18-m long vehicles will be equipped with the latest NMC battery technology with a single-unit capacity of 69.3 kWh. This unique energy storage package is assembled at the new FPT Industrial battery plant (e-plant) in Turin. The vehicles, which feature the manufacturer's latest ADAS devices, will comply with the GSR (General Safety Regulation).

With zero emissions, smooth driving and a quiet experience, the 100% electric technology from IVECO BUS will perfectly support ATAC Rome in its transition to greener and more efficient mobility.

Following the orders placed by Busitalia, Autoguidovie Group, GTT Turin, ATM Milan, this new contract signed with ATAC Rome confirms that IVECO BUS's decarbonization plan for public transport in Italy is well on its way.

The full-service maintenance will be performed by Romana Diesel, Iveco's Dealer covering the Lazio region and one of the manufacturer's biggest official dealers in Europe. Romana Diesel employs 350 people and will deliver service support at its workshop and on-site, to ensure full vehicle availability for the customer and passengers for the entire duration of the contract.

IVECO BUS

IVECO BUS is a brand of Iveco Group N.V. (EXM: IVG), a global leader in commercial and specialty vehicles, powertrain, and financial services, listed on the Borsa Italiana in Milan.

With a worldwide presence and a leading position in Europe in sustainable public transport, IVECO BUS supports public and private operators in all their missions, with an offer of global mobility solutions available in different energies, such as electric or powered by compressed natural gas compatible with biomethane.

The overall offer includes:

- school, intercity and tourism coaches;*
- standard and articulated city buses, including BRT dedicated versions; city midibuses*
- minibuses for all passenger transport missions.*
- connectivity and fleet management services available through IVECO ON*
- a portfolio of products and services with Energy Mobility Solutions, from simulations and design to the supply of charging stations, and installation and maintenance of the charging infrastructure*

The extensive IVECO BUS and IVECO service network guarantees assistance around the world wherever an Iveco Bus vehicle is at work.

IVECO BUS employs over 5,000 people across five production units, in Annonay and Rorthais, France, Vysoké Myto, Czech Republic, Brescia and Foggia, Italy.
