

Curriculum vitae of Mr. Guenter Butschek

Born in 1960, German citizen, resides in Munich, Germany.

Mr. Butschek is a globally experienced Chief Executive with over 30 years of leadership expertise across South Africa, Japan, China, India, South Korea and Europe. He led holistic industrial strategies and operational excellence in automotive and aerospace; known as a thought leader regarding future mobility concepts/technologies and for his proven track record in running turnaround initiatives, large-scale business transformations, manufacturing transitions and strategic retail development.

Since April 2022 he has been the CEO of Cubonic GmbH, a pioneer of sustainable electric, highly automated and digitally enabled light commercial vehicle solutions. Previously, he was the CEO and Managing Director of Tata Motors Limited from February 2016 to June 2021, holding various board roles as Chairman and non-executive director. Before that, he was the global COO of Airbus Commercial Aircrafts, CEO of Airbus Germany and a member of the Airbus Group Management Board. He also held a wide range of functional and global leadership roles at Daimler AG.

He rejoined Tata Motors Limited in May 2025 as a Non-Executive Independent Director serving on several committees of the Board of Directors. Sharing his broad experience he fosters a culture of teaming, agility and accountability.

Mr. Butschek holds a Diploma in Business Administration and Economics from the University of Cooperative Education Stuttgart, Germany.

Mr. Butschek is independent from Tata Motors Limited.
